

CREATED BY BEYOND THE SHOOT

The Photographer's Clipboard.

THE PRODUCT GUIDE

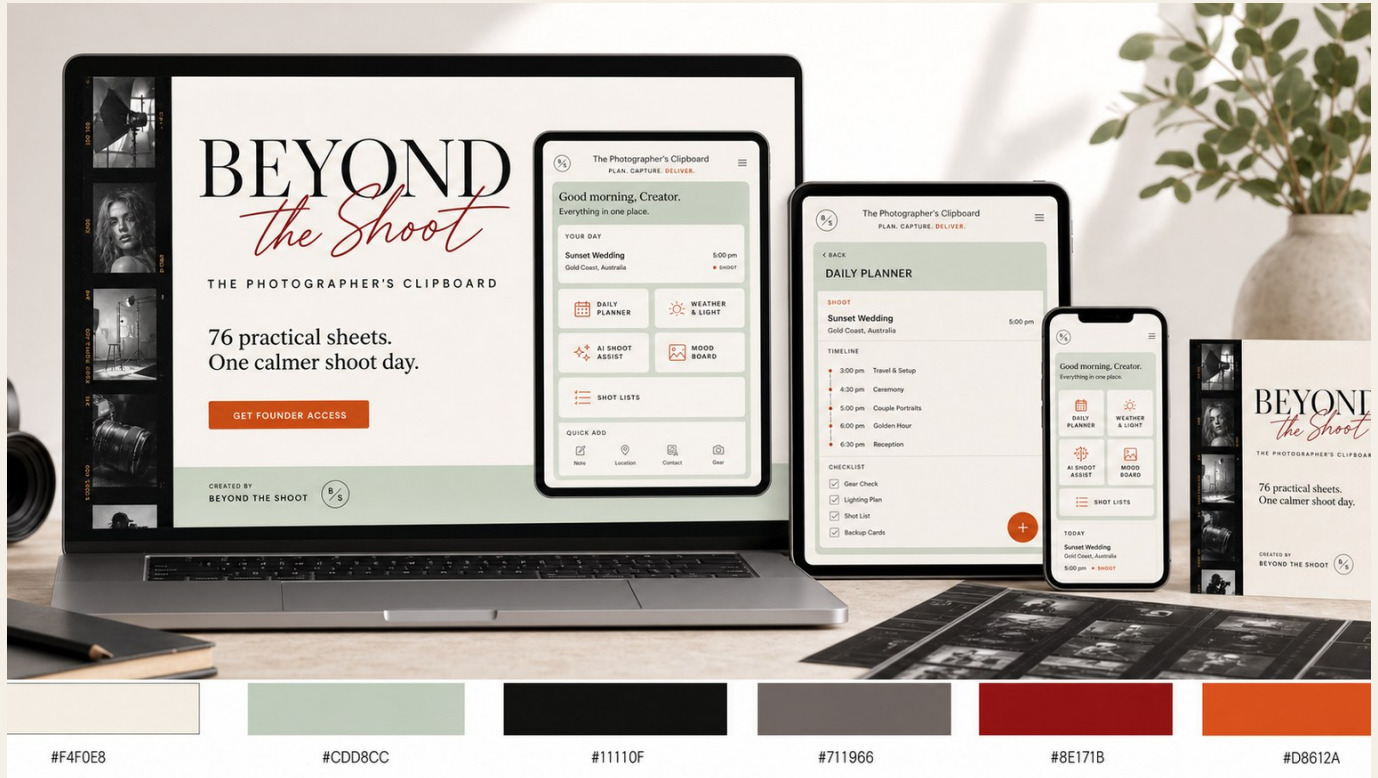

77 practical sheets. One calmer shoot day.

PLAN. CAPTURE. DELIVER.

One recognisable system.

Use the same practical workspace at the desk, in the studio and on location.

01

PLAN THE JOB

Build call times, shot lists, contacts, gear, locations and the day around the job you are actually shooting.

02

KNOW THE LIGHT

Keep live weather, wind, sunrise, sunset and repeatable studio or location lighting records beside the plan.

03

PROTECT THE WORK

Record memory cards, camera bodies, main drives, verified backups, editing folders, delivery and archive.

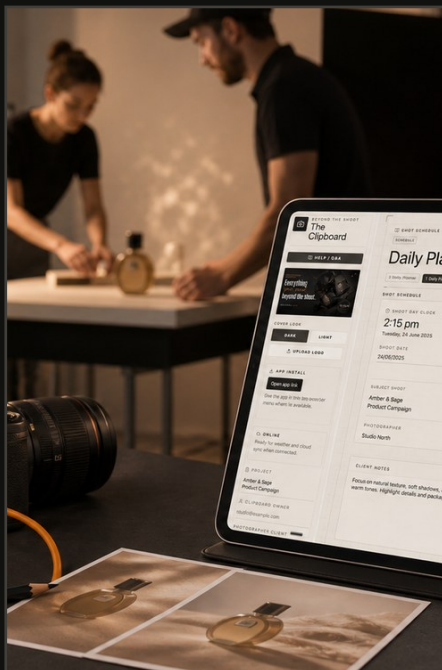

The tools you reach for on the day.

Not a generic dashboard wearing a camera icon. The Clipboard follows the rhythm of a real photography job.

LOCATION

Plan the place and available light.

STUDIO

Keep crew, equipment and deliverables together.

IN YOUR HAND

Carry the essentials onto the set.

- Universal search

- Client and shoot records

- Deposit and invoice links

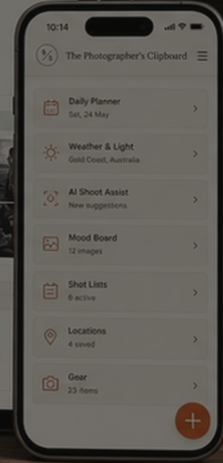

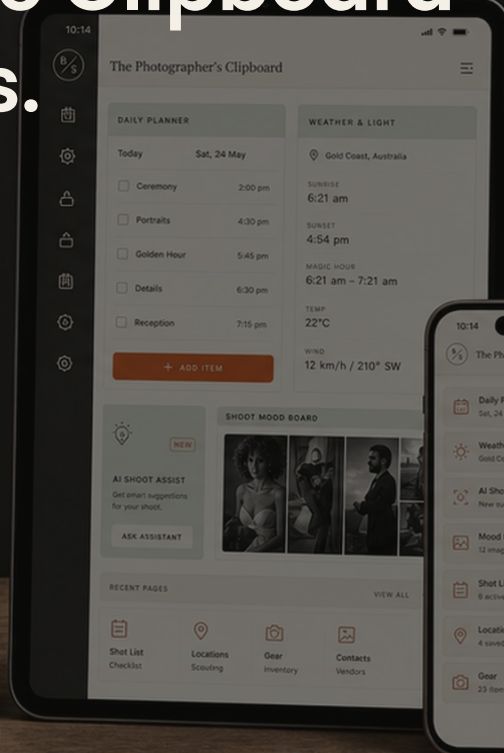

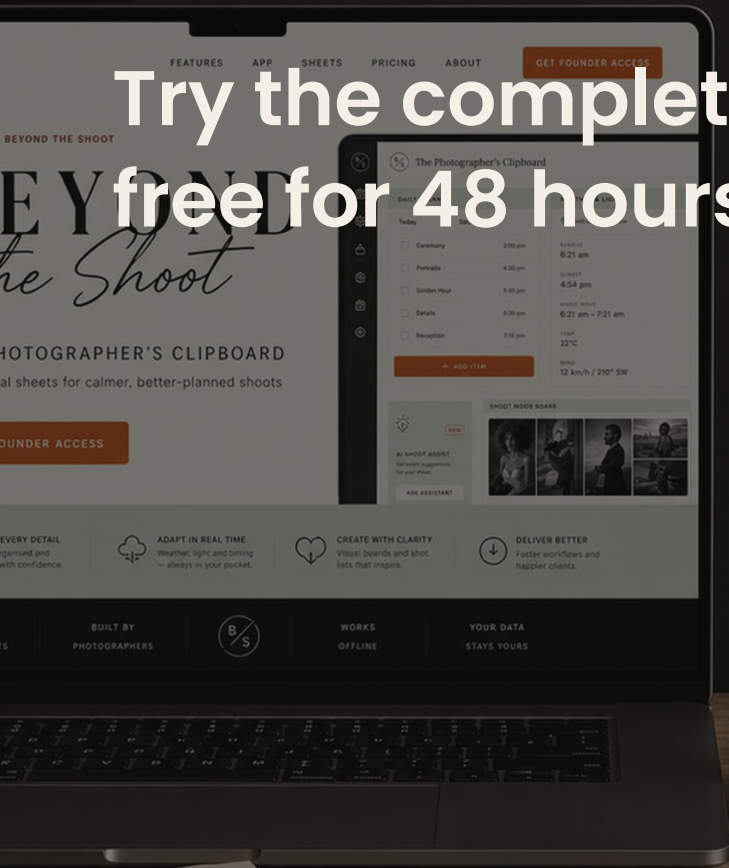

- Weather and magic hour

- Finger and stylus signatures

- AI Shoot Assist

A REAL WORKING PREVIEW

Try the complete Clipboard free for 48 hours.

No card. No stripped-down demo.

Sign in by email, plan a genuine job, check its light and weather, and sync it across your devices. Your saved work stays ready if you choose Founder Access later.
